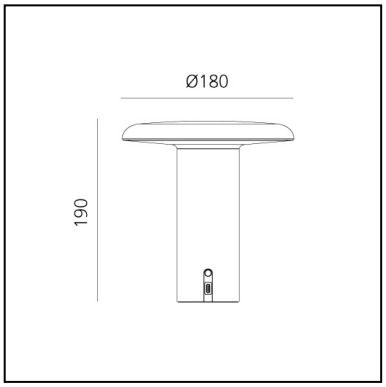
Takku - Anodized Blue

Foster + Partners

ESPECIFICACIONES

Takku is a completely transversal portable light providing perfect illumination for the office. It can freely accompany us not only in the workplace but also in our personal and living spaces.
The head controls the diffused emission with the optical element on its lower surface.
The emission can be adjusted to 3 different brightness settings to support multiple activities and create different ambiances.
32 hours of freedom from the main electricity supply make it an ideal solution for the flexible interpretation of personal light in private and public places.

CÓDIGO PRODUCTO: 0151050A



CARACTERíSTICAS
